

LIVE BIRD & MAMMAL

Off-Site Programs

Heal. Grow.
Be Wild.

Howell Nature Center

Lords of the Sky

Meet live hawks, owls, falcons and vultures up close and personal and learn all about the amazing adaptations of birds of prey! Request a Bald Eagle for an additional \$25 charge.

Raptor Friends

This 45-minute interactive introduction to raptors and their unique adaptations, allows children to experience hands-on analogies of the features of raptors while meeting live birds of prey in an up-close and personal setting.

Animal Acoustics

Nature is full of music, thanks to animal vocalizations! Join as we explore the various sounds that your animal friends can make, and how they use them to survive. We will also talk about how animals have special adaptations for hearing nature's music in this interactive, one-of-a-kind program!

In Your Backyard

Here we offer an opportunity to appreciate and learn about the wildlife living in our own backyards. Includes interactive demonstrations, and examples of how to help your wild neighbors thrive!

Each program includes four live animals. Individual animals vary based on availability and request. Request a Bald Eagle for an additional \$25 with relevant programming.

MythCrackers: Common Animal Myths

We've all heard some amazing things that animals can do. Find out which stories are tall tales and which are fantastically true!

Wild Super Powers

Comic books, films, and popular stories are full of characters with super speed, heightened senses, and other incredible gifts, but so are your backyards! Discover the powers of native wildlife in this super awesome presentation!

Wild Rehab

As Michigan's largest wildlife rehabilitator, the Howell Nature Center treats thousands of animals every year – from common to endangered species, with the hope of returning these animals to their homes in the wild. But what does wildlife rehabilitation entail? Find out what we do, and what you can do to help!

Endangered Species

As the pressure on our natural world increases, it is important to understand the role we play in helping conserve threatened species in our own neighborhoods. Audiences can learn how they can help while meeting native threatened and endangered species, and see how successful conservation has saved some of Michigan's most majestic species.

Creatures of the Night

Ever wonder what goes bump in the night in Michigan backyards? This after-dark themed program focuses on adaptations and behaviors of our nocturnal neighbors.

Michigan Mammals

Learn about the adaptations of mammals found right here in Great Lake State using interactive examples and by meeting live, native mammals up-close and personal!

Unless noted, programs last one hour & can be designed for audiences of all ages.

For more information or to schedule a program, call 517-546-0249.
